

Expandable Braided Sleeving

FITCOFLEX®-B-PETKNIT

Protective sleeve manufactured using PET (Polyester) monofilaments and multifilaments.

Description:

FITCOFLEX®-B-PETKNIT is a superior quality protective sleeve, suitable for a wide range of applications particularly within the automotive industry.

It is a lightweight and tough knitted sleeve designed for the protection of pipes and wire harnesses against unexpected mechanical damages. The sleeve has a high abrasion resistance suitable for a snug fit on the pipes.

The sleeve offers a grade of superior abrasion protection and an outstanding resistance against oils, liquids, fuel, and various chemical agents. It can extend the life time of the protected components.

This sleeve is ROHS and REACH compliant, halogen free and self-extinguishing.
